I write this with a heavy/broken heart for as we pass thru life we meet many people; However few are memorable even less are the ONES that stand out . MISS Barbara was a beautiful LADY, who made this journey a great experience to have shared some of my time with. I've felt like she was my sister and will miss her greatly. She was the strength of her family and has left us with memories which will be beacons for us and our guiding light.

Barbara Weintraub was my cousin, but really the sister I always wanted. We were born just a few months apart, and our first three years together. After that, we spent many family vacations and summers together. May her memory be a blessing and a comfort with many of us who mourn her. She will be surely missed.

Dear Elyse and Joel, Your mom was my dearest friend for 30 years. We had fun taking classes together at the community college. We laughed and cried together through our good times and bad. Mother's Day was our special day. I looked forward to her cards every year. Our phone calls always lasted over an hour as we caught up on family news. She was so proud of you both and her grandchildren. I will miss your parents so very much. My love goes out to all of you. Barbara Wolfe

Mommy, I would never have guessed that you would be going so soon after Dad. I know how you missed him dearly. I also know that you were trying to begin a new chapter without him by bravely moving forward and trying to do some of the things you have always wanted. You have always been a fighter and truly fought to survive. Sadly, your body could not endure. Words can't even describe how much our family will miss you.
