Author: Robert Wolf I first met Joe in Boca Raton just four years ago through my friends and neighbors Alvin and Gloria. We became fast friends as I appreciated his many talents, personal qualities and experiences. He had a wealth of interesting stories to relate and never missed the opportunity to do so! With new friends and acquaintances, I may have heard a few repeats in there on rare occasion... We enjoyed many outings and events with friends. Though Joe was increasingly vexed by health problems, he maintained a twinkle in his eye and a fun loving, inquisitive attitude. He never slowed his sharp wit and inventive streak, creating new, clever tools and repairing everything not nailed down. He had boundless generosity over many decades, helping his family and friends. Even as his energies flagged, his interest and efforts never did. He always welcomed new and different experiences. He delayed seeking any assistance until it was unavoidable. He remained independent and lived his life on his own terms to his final days. He left nothing on the table. With Sincerest condolences and appreciation, Robert Wolf
