I just learned about your terrible loss. I had much adoration for Linda. She was a wonderful attorney who devoted a lot of time to those clients she represented in the time she spent with the Department. I had the pleasure of working with her on many cases over the years. I always said that working with the Department is a calling from a higher power. I hope she had a chance to enjoy her retirement years. She will be missed by many of those people that she "touched". May she rest in happiness and joy knowing that now she has the best boss ever! I hope that you and your family will be comforted knowing that many people loved Linda and that many children were helped by her.
