God Bless you, Dr. Minsk! You were the best doctor that has walked this earth. You were both my children's doctor. My younger son was born premature and was in the Neo-Natal for almost 3 months. You called me every single day and gave me encouragement when the specialists told me he would be mentally challenged and/or cerebral palsy. You gave me hope when no one else did. I am forever grateful! Patrick is 34 and perfectly healthy. God Bless and keep you!
