Dear Uncle Sol, I will always cherish the memories of our families spending time together and always having a great time when we did. The excitement of our visits to your house or ours will remain with me always. Your laugh was catching and your fun personality was a joy. I still can't believe I was the lucky one that got to go to Hawaii with the family and what a wonderful trip it was. Thank you for the memories and the good times. Rest in peace. Love, Ann

Dear Solly. Thanks for being such great in-laws...you and Rozzy treated me like family and I loved being part of your family! I will miss our card playing, our game playing, our supermarket trips – and most of all, our adventures. We had a ton of great times and many great trips. I will also miss your humor, your good jokes and your not so good jokes. I liked them all. Two fond memories that come to mind are you saying "Gina, do me a favor...no more lotion please!" This was because you thought I was the palest person at the pool. The other was when we fit a large end table in the car, and the only way to make it work was for you to be good enough to lay under it while we drove home. I'll never forget that. I will miss you both very much and am glad for the time we spent together. Love you both! Gina

My Dearest Daddy – you weren't supposed to leave me just yet. I would give anything to banter one more time with you. I would reprimand you for something you had done (-:-)), we would go shopping to the outlets, I would tire you out, we would have lunch and a good cup of coffee and people watch. I will miss that. Now it is just me and Laurence but rest assured we will be fine since we have so many traits of you (your son emphasizes that every opportunity he has) that it will be like we are spending time with you. I will forever miss you and mommy – the greatest parents ever. Love you with all my heart, your precious daughter, Elana.

My Dearest Dad. Not only were you my father – you were my rock, my confidant and most important – my friend! I will miss you more than you can imagine...our Saturday calls were a crucial part of my life. Who will listen to me gripe about nonsense? Please know though, that me and Elana will be fine! You helped shape us into the adults we have become, we learned a ton from you and can certainly take care of ourselves – I promise. I thank you and Mom for being such great parents...you will both be missed. The memories we shared will help us to forge ahead. Love you guys forever...Your son, Laurence.
