Nancy Heitman

DEC 7, 1916 - MAR 30, 2012

Claudia posted:

The new Zune browser is snrlrisiugpy good, but not as good as the iPod's. It works well, but isn't as fast as Safari, and has a clunkier interface. If you occasionally plan on using the web browser that's not an issue, but if you're planning to browse the web alot from your PMP then the iPod's larger screen and better browser may be important.
