DR. MARIO PETTI

JUL 22, 2020

Dr. Mario Petti of Boynton Beach, FL and formerly of Atlantic Beach, NY, passed away on July 22, 2020 at the age of 93. Mario died peacefully after a brief battle with COVID-19.

Mario was born to Anita and Vincenzo Petti, in Brooklyn, NY. He had a half-brother named Eugene. Mario served in the army during World War II as a medic and later on attended medical school and became a well-respected physician.

When he wasn't working Mario loved to spend time with his family. He loved eating out, sailing, playing tennis and golf and his Friday night card games. Mario was a loving and devoted husband, father and grandfather. He was incredibly smart and well-read and loved to engage in thoughtful conversations. He was a terrific listener and gave honest and valuable advice. He was a truly genuine, caring man.

He was predeceased by his loving wife Ruth Petti, with who he was married for 50 years. He is survived by his devoted partner of 20 years Lucille Makstein, his son Dr. Eugene Petti and wife Rosemarie, his daughter Marla Levey and his grandchildren Evan, Alex, Gabrielle, Ryan, Karli and Kendall.

He will forever be in our hearts and will be tremendously missed.

DR. MARIO PETTI

Cathy Levy-Jacob posted:

Mario Petti was the the most magnificent man. He was a gifted physician and helped people all his life with the best guidance and judgement.. He gave to all with a quiet calm and his level of understanding and compassion made him a great humanitarian.He had a visual disability but he developed extra sensory perceptions that made him function better than most people with excellent sight. He could repair anything, park a car, and see things other people missed. He was always helping others and was incredibly independent for a man who survived many medical struggles. He loved people and everyone loved him. My mother, Lucille Makstein, loved him so much. They found love ,laughter and friendship and had 18 beautiful years together. Everyone in our family cherished him. We all will miss his goodness in our lives. Cathy Levy-Jacob

Dr. Petti was a warm hug, sage and caring advice (I always remembered the TP tip Mario), hearty laughter, full of questions, glasses on end of nose, full of love for his girls Marla and Ruthie, and somehow enough sincere love for the friend that was with the family constantly for bagel Sunday's, Italian takeout, and trips to Hershey, many roadside eateries and drives around the northeast for summer camp and gymnastic meets. Thank you Dr. Petti for gracing this earth with your grace and style. Rest peacefully. Love always, Mia
