Bobby I know I am late with this. You impacted my life in so many ways. As a young man just starting out in sales, you were my idol, my mentor. When u came to my house to visit my dad, always dressed impeccably, in a big, nice new car, you were everything I wanted to be when I got older-The epitome of a successful salesman. I remember making you & Susan laugh so hard at my house when you would meet my parents for the Pre-Cape cocktail hour! I could go on & on but now, I just can't believe you're gone. Eternally young & handsome, I thought you would live forever! Please say hi to "Chico" for me & i'll catch up to you guys some day when we meet again...Forever in my heart-sail on skipper-Bon Voyage...

Bob, my dear brother, I will always remember growing up together in Dorchester and in Brookline. You looked out for me and you were more than just my big brother, you were my hero. I frequently recall our family times on the SueAnn and Brothers II. We kept those boats in meticulous condition though I admit you were the one that never settled for less than perfection. I wish we could spend one more time on the water together and share a hug and a laugh. We went through a lot together losing our parents when they were very young. Now that you have joined them please tell them and our grandparents, Dora and Harry, our step grandfather Hymie, and of course uncle Saul that all of you are in my heart and will always be remembered. May you rest in peace with light winds and a following sea. Paul

It's hard to know someone for fifty years and have a close relationship. I had that closeness with bob. He is and always will be my special friend. We live 3000 miles apart but it seemed like next door. I'm going to miss my dear friend.

Bob, we'll always remember the laughs, the good times & the fun conversations. In the time I've known you and your family you've always managed to bring a smile to our faces every time we saw you. I've never met someone more self sufficient and so enjoyable to be around. You truly were an inspiration to us all and were such a great friend. My wish for everyone close to you is that they find comfort in all the great memories they've shared with you, that they always remember you in good health & spirits and continue to make you proud as time goes on. I know you're sailing the seas of heaven already on a boat that's in top notch condition. Sending a toast high up in the sky to you today celebrating you and the legacy you've left us all to remember you by. You will be missed dearly by everyone. I can't thank you enough for the wisdom you shared, the love you've given us and the family you created. The family that will continue to love, support and enjoy the rest of our time here together while remembering how so very lucky we all were to have shared time with you.

Papa Bob was the most warm, fun loving, adoring grandfather ever. He treasured his family and always made sure all of us were happy and smiling. I can remember him so vividly saying, "how's my little Carlita?" I was his only granddaughter and I always appreciated how special he made me feel. I'll never forget our smiling Sam weather skit while I sat on his lap at Delray Beach. Thanks for all of the amazing memories and years Papa Bob, we all will miss you so much and you will be in our hearts forever. I know you're looking down on us and steering your boat

Papa, While it saddens me I won't ever get to see your smiling face again, I am so grateful for the all the precious time we got to spend together in the past 25 years. Being around you was special. Besides being the best papa, it always felt like I was hanging out with a longtime friend, whether it was cruising on your boat, drinking beers around the pool, or just acting goofy and funny together. I'll look back on all these memories with joy and appreciation. You were one of a kind and everyone that knew you will miss you dearly. Jake

Papa Bob was definitely the coolest and most fun grandfather that I could have asked for. I can't count the countless memories of fun. Beaching, boating, dining, car shopping were always a blast and I'm forever grateful to have shared those experiences with him. He also gave me a different perspective on the world than anyone else was able to give me, shaping me into the person I am today. I will miss you very much Papa and my best buddy! Love, Matt

Bob, My friend, mentor and "brother" you now sail the heavenly seas. A gentle breeze in your face, a placid sea at your bow and an unlimited horizon. So many places of wonder to visit and explore. You will stand at the wheel, as always, and guide your boat with the greatest of skill and precision. God will soon know that he has taken into his care the greatest person, navigator and captain there ever was. It would not surprise me if you taught God some boating skills along the way as well as life in general. At some point in time we will experience the joy of sailing together again. Until then you're in our hearts. You will always be loved and never forgotten by Leslie and myself, your family and all who had the honor and privilege of spending time with you. God bless, Stu
