David Kent Warshavsky. I will miss my Great Uncle Howard . My earliest family memories include the house in Brooklyn , and visits to the the dental office to see my grandfather and Uncle are work. I remember when my Uncle Howie started doing bonsai , and later when he started to do Sumi painting . I was very close to my Great Aunt and Uncle , as my grandparents were very close , and I was fortunate to have had many Summers in New York. They were like having more grandparents , and always made me feel very special . I saw him this past March , and he told me that I was an inspiration for him taking up Sumi painting. That was such a generous thing to say . This is who he was .

Dear Howard and Florie,Irv and I dined and danced, played bridge summers in N.J. and winters at Gleneagles, cruised and traveled on land together. Among my favorite memories we shared were thesunrise at Grand Canon and our jeep trip from Sedona, Arizona to the top of the plateau, looking down at the Red Rocks and civilization. We felt like we were on top of the world.With much love,Roz Benedon
