I am so sorry to learn that Dorothy has passed away. She and I became friends when we were both teaching at Centennial High School. I quickly learned that she was the single best reading teacher I ever saw. She was amazing. Kids who could not read after 10 years in school learned how to read after a single year with Dottie. And those kids adored her, as did most of the faculty. She was a delight. I value her friendship.

Paul Borowski lit a candle in honor of Dorothy.

Dear the Janin family: Our thoughts, prayers and sympathies are with you all on the loss of Dorothy. She was truly an amazing and respected person, who made such a difference in the Hauppauge community which was greatly appreciated. I was honored that she was able to attend our Honey Hollow 50th Anniversary Reunion and visit with us. I am proud that her name is listed on my Hauppauge High School Class of 1978 Regents with Honors Diploma. Paul Borowski and family
