I wanted to say a couple of things about my grandma Blossom Klein-Nanny- first of Rest In Peace. You lived a great long life and you will be missed a ton. I will always cherish you and I am very grateful to have had you as a grandma because you always like a 2nd mom to me. During the years that you lived in Brooklyn, I would be able to always come down to your house to have a 2nd meal, get your newspaper and just talk. When you went to Florida and had your first place in Rain Berry Bay in Delray Beach it was always a great time especially to have a place to come in the warm climate and spend time with you. It was great to meet all of your friends, go golfing with you, go shopping with you, go strawberry picking with you and a couple of times we went to Orlando to Epcot and Universal Studios. In the last several years of your life just giving you a call to say hello and coming down to Florida for Thanksgiving and spending some time with you. I also know you were very Happy that I found a really nice person in Luz and got married to Luz who is a great person and I am a dad to my step-daughter Camila who I know you like so much Luz and Camila and you were so happy for me. Everyday I wake up I am going to make you proud of me of how hard I am working to help people to improve their health, learning something new, running and eating healthy to take care of my own health and being there for my parents, Luz, Camila and our family and their family. Rest In Peace.I will always love you and you will always have a special place in my heart!!! Love You Very Much!!Andrew

Not sure my last note went through so---Bobbie was my friend, my shopping buddy and memory keeper. I still miss schlepping around any store that had "schmates" and trying them on, thinking about what we needed another schmate, and then buying it anyway.More than I can say--I will miss her.Diane
