I think about you every single day and your beautiful face is right on my end table, it's what I see every morning and every night before I go to sleep. I miss you so much! I can still hear your voice, your laugh but most of all, all the memories we have growing up that I hold so close to my heart. I know your with grandpa and you two are taking care of each other. I love you & miss you so much sweet angel! Until we meet again xox
