Claudio My Brother, MY Friend, My mentor! will miss you brother as i sit here thinking about the laughs we shared the conversations about our families the late nights and all the customers we helped it makes me so proud to call you my friend. although the miles grew further and our phone calls became less frequent we would always pick up where we left off you were always so proud of the girls and bragged about them often. i think of our last conversation and how it ended like it always did I Love ya man! until we see each other again

We will miss you my friend until we see each other again I love you man.
