Joan was in the 9th grade and I was in the 7th grade. We were told we were going to the auditorium for a play. Joan was the lead in the play. She was Chiqita Atom. Dressed in a red sequenced gown. All of my friends went gaga and I was special too because she was my cousin.

We met on Roosevelt Island and developed a quick and long friendship. So many memories, the best of which include a hot air balloon ride with her and Herb, their wedding (especially when the cake fell on the floor and she and I were able to make it look beautiful again), wedding with her in their garden on Long Island, her surprise 50th birthday celebration for Herb in a drag club! We will always remember Joan's great smile and how we loved to laugh together. Rest in peace old friend and give Herb our love. Marion and Marshall Novack

In 2017 my husband and I moved into our condo at Kings Point. Joan was the 1st person we met, she lived across from us and we knew from that moment that we were going to be more than neighbors. Joan with her witty way asked us to read her book that led to many endless questions about her fascinating life. We developed a bond and a close, fun, loving relationship. In 2020 right before pandemic we got married and Joan excitedly asked to be our Flower Girl stating that was the one thing she had never done. We were honored to have her share our special day and she was beaming with excitement as she threw the petals. She will be loved and missed and always be remembered as our Momma Joan ❤️
