“ Dear Steve my brother. I will forever cherish all the memories we have. There are so many. I will forever miss you and love you. I'm still having the hardest time here without you. I'm trying so hard out here. I don't have you here anymore to keep me calm. Tears always rolling down my face. I don't know how to accept that you are no longer a phone call or text away or to come visit you. The pain is still here like it was the day I got the phone call. People probably sick of hearing me speak of you but I don't care. Some day I might be ok but I'm not completely sure of that. Life is not the same anymore just a lot of sadness. I lost my best friend, my best buddy, my hero. To be honest, I'm so angry I want to beat somebody. I'm still here in south Florida. Makes me feel closer to you for some reason. I love you so much and not a minute goes by without thinking about you.

“ My condolences to Steve's children and family, He was one of my very best friends, like a brother since we were about 13 yrs. old. He was a good father to his 2 children and the most intelligent man I know and a giving person who would help people. He was there always to talk to and give sound advice. I will miss you my brother, I love you, be with God, rest in peace.

“ Steve, you left too soon my longest closest friend. As teenagers we built your 67 mustang, building a new engine and installing it. After that there was nothing we couldn't do. - David Ralph
